

# Get Vaccinated for COVID-19

Fighting the pandemic has been hard on everyone, especially older adults. Now we have vaccines to protect us from COVID-19. Here are some steps to getting your COVID-19 vaccine:

**Register with the Kane County Health Department**  
<http://bit.ly/kane-county>

**Create an account with local pharmacies like Walgreens, Jewel/Osco, CVS and/or Walmart**

**If you do not have access to a computer or do not have an email address, call Senior Services Associates at (630) 897-4035 (Aurora) or (847) 741-0404 (Elgin)**

**Be patient and continue using the 3 W's: WASH your hands, WEAR your mask, and WATCH your distance**

## Be Kind. Be Patient. Be Ready.
